FloralMate is a brand of Inunion – a company that began in 2016, with a single pearl-head pin.

Building on nearly a decade of craftsmanship, we are proud to launch FloralMate: a dedicated maker of floral packaging – protecting every bouquet, from the florist's bench to the moment it is received.

We believe a bouquet is never just flowers. Our in-house design team releases over 20 new designs every week, so florists always have something fresh to offer. Today our collection covers four essentials: flower bags, flower boxes, wrapping paper and ribbons – for everyday gifting and professional floral business alike. "Floral" stands for blooms. "Mate" stands for companionship. And soon, our family will grow to include floral foam and accessories – a complete, one-stop supply for everything flowers need.

FloralMate: a loyal companion to every bouquet.
